

IMPORTANT NOTICE!!!

The Reading Professor will not function until the installation steps outlined below have been completed. Once the installation has been completed, please place this sheet in the back of your User Guide for reference and follow the instructions in the User Guide.

INSTALLATION

Prior to using The Reading Professor it is necessary to follow the simple installation procedure outlined below. This procedure need only be completed once.

1. Insert The Reading Professor "Program Diskette" into the left drive and press the button marked "PUSH".
2. Insert your Epson CP/M-80* diskette into the right drive and press the button marked "PUSH". Press the return key to begin the installation procedure.
3. At the completion of the installation procedure, replace the CP/M diskette with The Reading Professor "Passage and Profile" diskette and press the reset button located underneath the right disk drive.
4. Follow the procedures outlined in The Reading Professor User Guide.
